Created to host corporate events at the very highest level, Cabot Hall provides an efficient and flexible service and a quality of space that few London venues can equal and in a setting none can match. It is a beautiful and distinctive venue in a spectacular location overlooking Cabot Square, with natural daylight, wooden finishes and 516 square metres of uninterrupted floor space. There are also four syndicate rooms that may be hired individually or in conjunction with the hall. Cabot Hall is the ideal venue for product launches, conferences, AGMs, dinners, award ceremonies, fundraising events and Christmas functions.
